WEDDED AT ST. FAIR

MISS REBECCA GOLAY AND DEE CALLAHAN OF CLEARMONT.

THOUSANDS LOOKED ON

And Saw Happy Young Couple Joined in Marriage—All Ready for Housekeeping and House Furnished.

Miss Rebecca Golay and Mr. Dee Callahan, both of Clearmont, were the young couple who were married Thursday afternoon at 2 o'clock at the street fair in the presence of thousands.

They arrived in the city Wednesday and were guests of Sheriff and Mrs. W. R. Tilson.

At 1:45 o'clock Harry Wells conveyed the bride and bridegroom-elect in his car to the Linville hotel, where the wedding procession was formed, the yellow-capped police force leading to clear the way, followed by the car carrying the wedding committee, Mr. F. R. Marcell, Mr. and Mrs. Jesse Paulette and Mr. Harry Lyle, the Maryville band, the bride's car and two cars with the little flower girls, Lela Meier, Helen Davis, Mary Carpenter, Gladys Morehouse, Dorothy McDonald, Helen Dean, Mary Louise Andrews and Mary Margaret Richie, all dressed in white and carrying flowers.

The procession stopped at the west gate of the court house yard, and after the bridal party alighted from the cars, proceeded through the gate, up the stone walk to the court house door, turning on the north walk to the band stand, that had been appropriately decorated for the ceremony. The flower girls formed an aisle up the stairway for the bride and groom and strewed the way with flowers. After the bride and groom had taken their places Rev. Claude J. Miller of the Christian church of this city read the ceremony.

The bride wore a wedding gown of pale blue batiste with trimmings of white lace, and carried a bouquet of bride's roses. Her hat was of white corded velvet with trimmings of white marabout and pale blue silk cords. The groom wore the conventional black.

The bride is a sister of Mrs. Ed Wallace of Clearmont, with whom she has been making her home. Both Mr. and Mrs. Wallace were present at the wedding, also another sister of the bride, Mrs. Frank Beal of Shenandoah, Ia., and the mother of the bridegroom, Mrs. Kate Callahan. The bride is a pretty, sensible young woman and is an accomplished housekeeper.

The bridegroom is the son of Mrs. Kate Callahan of Clearmont, and has been employed on the Burlington railway for the past seven years. He is an industrious young man of good habits and has a home of his own furnished and ready for housekeeping at Clearmont. They are excellent young people and were assured Thursday of the best wishes of all who attended their wedding.

CHILDREN BE READY

THE BIG PARADE WILL BE SATURDAY AFTERNOON.

ALL CHILDREN WANTED

Watch for the Twin Section—There Will Be a Lot of Little Twins—Then The Indians.

The children'z parade will form at the Empire theater at 1:30 Saturday afternoon. All children who are to participate in the parade must meet at the Empire theater promptly at that time.

Any child, boy or girl, under 15 years of age may participate in the parade. Children who are not competing for any prizes in any of the classes are requested to march in the parade. Bring on your go-carts, baby carriages, express wagons and other vehicles and get placed into the proper class for the parade.

The float for the Fairy Queen is finished and is very beautiful. The Fairy Queen is in readiness and had her picture taken in full dress yesterday.

All twins under 16 are requested to be present for the twin parade. Twenty pairs of twins are already arranging to be in the parade.

A present for each child who participates in the parade.

The boys who participate in the Indian parade do not need to have vehicles of any kind. This does not prevent boys who ride tricycles from wearing Indian suits, but such boys will be entered in the tricycle class and not in the class of Indians.

Any child living in Nodaway county is eligible to enter the parade.

The parade will start from the Empire theater promtpiy at 1:45 and march north to the Maryville National bank, then east one block, then south one block, and then west, having passed around the square, then south to the theater.

MET WITH AN ACCIDENT.

The Finger of Golda St. Clair, in Frontier Day Show, Was Shot by Sam Scoville.

An accident occurred in the Frontier Day show last night while the performance was being given. Golda St. Clair, who was holding a cracker up for Sam Scoville to shoot at, was shot in the finger that was holding the cracker. The wound was not a very serious one and was dressed by Dr. Will Wallis.

The judges were J. A. Kavanaugh, Graham; George Moran, King, and Richard Gordon, Lenox, Ia.

The above were the prize winners at the horse show given Thursday morning at the fair. The show was much better than Wednesday morning, and there were a large number of entries in each ring.

Thursday morning dawned with a cloudless sky for the street fair wedding day. The air was clear and cool in the morning, but by noon the sun had warmed the atmosphere to a comfortable heat, and the crowds came pouring in from every direction. Every train was loaded to the platforms and the automobiles and buggies are standing in every available place. It is the old wedding day crowd of the street fair, which is usually the largest of the week. Should the weather continue as it is Thursday the attendance will be immense for the remaining two days.

All attractions are being well patronized. Wednesday night's crowd was large, and was in the nature of carnival night, for every one seemed bent on having a good time, and if that spirit continues to grow Saturday night will indeed see high carnival.

On Friday the special feature of the day will be the fraternal parade in the evening at 8:30 o'clock. Several lodges will take part in the parade.

The display of fruit, grains and vegetables in the tent on West third street is excellent, and the prizes will be awarded by Friday noon. In addition to the list of exhibitors in this tent given in Wednesday's issue of this paper are the following:

Dale Marsh, Yellow Dent corn.

Jefferson Monroe, Yellow Dent, White Cap and pop corn.

Nick Meyers, Yellow Dent.

Myrle Nixon, pop corn.

Harvey Whitney, melons.

Sam S. Webb, Reid's Yellow Dent corn.

H. A. Watts, fruit displays.

Mrs. James Baumle, two varieties of grapes.

Mrs. Preston Seafers, Bartlett pears.

Mrs. George Lucas, plumes.

Mrs. Rankin Lyle, three varieties of pears and six varieties of plumes.

J. S. Thompson, one variety of pears and one of plumes.

S. G. Selecman, plumes.

J. L. Charles, one variety of apples, two varieties of peaches.

HORSE AND MULE CENSUS OUT.

Nodaway County Has 16,281 Horses and is a Leading Horse County in the State.

Ripley county leads the state in the value of its horses and mules, according to statistics compiled by the state board of agriculture. The average Ripley county horse is assessed at $56.84, while the average mule is valued at $61.61.

In the number of horses Jackson county leads with 22,237. Saline county with 6,969 is the leading mule county.

St. Louis City has 16,488 horses, valued at $934,810, or $56.69 each. It also has 1,790 mules. St. Louis county has 3,901 mules, leading the city of St. Louis by a big margin, but it falls far behind in the number of horses, having but 9,732.

Carter county, with 1,102 horses, ranks last among the 114 counties of the state, while Worth county, with 703, brings up the rear in the number of mules.

The leading horse counties of Missouri are Bates, with 15,360; Carroll, 12,726; Cass, 13,816; Greene, 14,606; Harrison, 15,939; Henry, 12,186; Jackson, 22,237; Macon, 12,660; Nodaway, 16,281; Sullivan, 13,144; Vernon, 14,624; St. Louis City, 16,488.

Besides Saline, Calloway, with 6,054, and Boone, with 5,803, are the leading mule raising counties of Missouri.

RULES FOR CONTEST.

To Be Given November 7, During the Fall Teachers' Association Meeting.

A declamatory contest will be given during the fall teachers' association meeting, on the evening of November 7. The rules of the contest are as follows:

This contest is open to regularly enrolled high school students only. Each school is limited to one contestant.

The declamations shall be memorized readings, omitting tragedy.

The contest shall be judged by a committee of three persons. The decision shall be based upon the following points. (a) Voice—pitch and modulation; (b) enunciation—articulation and pronunciation; (c) delivery—general ease and effectiveness; (d) gesture—grace and fitness; (e) interpretation—appreciation of the selection; (f) memory.

The committee of judges will be in session in Maryville, at the Normal building, November 7th, between 2 p. m. and 5 p. m., to conduct a preliminary contest in which all contestants are required to appear. Contestants must be present at the Normal building at 2 p. m.

The declamations shall be limited to ten minutes each. Persons using more than ten minutes will be penalized in the grading of the declamation at the rate of 2 per cent for each fifteen minutes of excess time.

Send copies of declamations to Mr. V. I. Moore, Maryville, Mo., not later than October 25, 1912, for approval.

Miss Mary Ford went to St. Joseph Thursday morning to spend the day.

F. M. PETTY BURIED

REMAINS OF MERCHANT LAID TO REST WEDNESDAY.

LARGE CROWD AT FUNERAL

Extracts From Impressive Sermon by Pastor, Rev. S. D. Harkness—The Pallbearers.

The funeral services of F. M. Petty, who died Monday, were held in the Presbyterian church Wednesday afternoon at 3 p. m. Mr. Petty was an elder of the church for twenty-five years, and so prominently identified with the church work that the church feels

"As when a kingly cedar, full of years,
crashes to earth,
And leaves a lonely place against the sky."

Pastor S. D. Harkness used John 14:27 as his text, the words of Jesus—"Peace I leave with you, my peace I give unto you; not as the world giveth give I unto you. Let not your heart be troubled, neither let it be afraid."

Extracts from the sermon follow:

This was our brother's favorite verse. These words of our Lord became his very life. I sat in a room the other night through which some one carried a vase of roses. After they had gone a delightful fragrance lingered in the air, a fleeting remembrance of their beauty. God has put His loving arm about Brother Petty and has taken him up higher. Our memories of his face in the Sabbath school, in the choir, are clear and well defined in our hearts today. Not a Presbyterian is before me but has received the secrament of our Lord's supper from his hands many times. We have loved him for his Christ-likeness. Our memory of him can never fade. His life will be flowering in the lives of all of us until we clasp his hand in Beulah land. Let us see how he walked with God through the gracious ministry of his favorite verse.

The peace of God promises that we, who see through a glass darkly today, shall see Him face to face, when our "morning breaks and the shadows flee away." We share in this hope that some day for us, as for him, "birthday bells shall ring on high."

"Not as the world giveth give I unto you." Brother Petty was too humble a man to have ever dreamed of sharing in this Christ-likeness with his Lord, but we who know the fruitage of his life in our lives can see that he walked with God so closely that he learned His ways. A man said to me the other day: "I made Mr. Petty my ideal as a man when I was a boy, and through all the years I have never found one un-Christ-like thing in him to make my youthful idealism of his Christian manhood suffer in the light of mature judgment"—and this from one of his intimate friends. Another man said: "He has made the Bible men seem real to me."

Another, whom I have looked up in this very light said to me of him: "The verse that fits his life is 'Blessed are the meek for they shall inherit the earth.'"

He has ministered to this church with a rare devotion. His life has been one every day sermon—not preached but lived. "Not as the world giveth, give I unto you." No, the world cannot give like this. This is our inheritance, that fadeth not away. He ministered in the spirit and with the effectiveness of his Lord.

Now, he would not have you, his dear ones, troubled in heart. He would speak to you through these words of his Master: "Let not your hearts be troubled, neither let them be afraid." "Perfect love casteth out fear." Let the sunshine of his Lord and yours warm your hearts with thankfulness for all that he means to you and us. The golden memories of his ministry in the home and church have lifted life to a higher plane, and through him "we see Jesus." He bonds you to

News of Society and Womens' Clubs

Roelofson-Sawyers Wedding.

A very pretty home wedding was that at the home of Mr. and Mrs. Frank Roelofson, Wednesday evening, September 18, at 7 o'clock, when their eldest daughter, L'Marie Litta, was united in marriage to Mr. Paul H. Sawyers of St. Joseph. Sixty-five guests, all relatives or near friends, were present to witness the ceremony, the ring service, read most impressively by the bridegroom's father, Rev. H. A. Sawyers, pastor of the First Presbyterian church of Savannah. Standing by the officiating minister was the bride's pastor, Rev. Claude John Miller of the First Christian church of this city, who offered the prayer for Divine blessing upon the happy couple. The wedding music was given by Miss Ola Smith, who played the march from "Lohengrin" as the bridal party entered the parlor. The bride was beautiful in her bridal robe, exquisitely fashioned of white silk chiffon over white satin. Point lace adorned the neck and sleeves, white small clusters of tiny pink rosebuds fastened on narrow white ribbons, hung from the neck, sleeves and broad satin girdle. Her going-away gown was a suit of dark blue serge with hat to match. The rooms were beautiful in their decorations of asparagus ferns and pink and white asters. The bride's table in the dining room was especially pretty in green and white, where was served the one-course wedding luncheon, also in green and white. Maiden hair ferns were draped in strands from the chandelier to the four corners of the table, all in white, the bride's cake making a lovely center. At the bride's table were seated Mr. and Mrs. Paul Sawyers, Mr. and Mrs. J. Frank Roelofson, Rev. and Mrs. H. A. Sawyers and Rev. and Mrs. Claude J. Miller. The bride and groom left immediately after the luncheon for a few days' honeymoon in Chicago, where they will be the guests of the bride's uncle, L. C. Swearengen, and family, with whom she made her home while pursuing her musical studies at the Chicago School of Music, where she was graduated. Accompanying Mr. and Mrs. Sawyers to the train was a large company of friends, who sent them off in great showers of rice and old shoes, while the bridegroom's bachelor uncle, Will G. Sawyers, announced their wedding to the passengers on the train. Mr. and Mrs. Sawyers will be at home at 1024 North Thirteenth street, St. Joseph, after October 15.

TRUST OWNED COMPETITORS

HARVESTER SUIT TESTIMONY BECOMES INTERESTING.

Rivals Advertised as "Independent" Long After Their Sale to Combine.

Chicago, Sept. 19.—Searching examination into the workings of the "dual personality" of the International Harvester company of New Jersey and efforts of Clarence S. Funk, general manager of the company, to prove by figures that competition exists, are embraced in the hearing of evidence in the federal suit to dissolve the $140,000,000 corporation.

The "secondary personality" of the New Jersey company is the International Harvester Company of America through which all the products of the former are marketed.

Funk submitted a type written list of the Harvester company's products showing the number of competitors in the sale of each, which ranged from three in the sale of corn pickers to 102 in the sale of wagons.

The New Jersey corporation, which is the combination of the McCormick Deering and other manufacturing concerns in the alleged trust, sells all its machines to the International Harvester Company of America.

The $100,000,000 capital stock of the selling company is held in trust for the stockholders of the New Jersey corporation, of which Cyrus H. McCormick is president.

Important features of the testimony were admissions by a trust official that both D. M. Osborne & Co., of Auburn, N. Y., and the Minnie Harvester company of St. Paul, Minn., were advertised as independent for two to three years after they had been absorbed by the trust.

TENNESSEE ASKS KANSAS' HELP

Prohibitionists, With Big Fight on, Write Attorney General Dawson for Figures.

Topeka, Sept. 19.—That Kansas has reduced its drinking 2,000 per cent in 8 years, and its per capita consumption of liquors is now $1.48 as compared with Missouri's per capita use of intoxicating liquors of $24 a year, the message sent to Tennessee by John S. Dawson, attorney general, Tennessee has a prohibition fight on its hands this fall, a constitutional amendment to prohibit the manufacture and sale of liquors, and Tennessee people are calling on Kansas for help.

The prohibition workers have been trying to get Dawson to go to that state for a week of speechmaking, but the attorney general cannot go. So the workers in the Southern state asked for a written statement about prohibition in Kansas to use in the campaign there. One hundred thousand copies of the statement are to be printed and circulated throughout Tennessee.

Township organizations all over the county have been organized in the last ten days.

Leaped From Sky Scraper.

Chicago, Sept. 19.—Climbing out on a balcony of the observatory on top of the Masonic Temple, 22 stories above the ground, Carl Rasmussen, 25 years old, leaped out into the air and was picked up on the roof of a five-story building adjoining. His body was identified by the clothing and papers in his pockets. He was an agent for a life insurance company.

IF CONSTIPATED OR BILIOUS—"CASCARETS"

No Biliousness, Headache, Sick, Sour Stomach, Indigestion, Coated Tongue or Constipation.

Furred tongue, bad taste, indigestion, sallow skin and miserable headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good, gentle cleansing, too.

The business houses of the city closed during the funeral services and all concessions at the street fair closed for five minutes out of respect to Mr. Petty.

POSTMASTERS IN CONVENTION

Men in Charge of Third and Fourth Class Offices Meet at Richmond, Virginia.

Richmond, Va., Sept. 19.—Governor Mann of Virginia and Mayor Ainslie of Richmond extended a warm welcome to the delegates to the convention of the National League of Third and Fourth Class Postmasters, which convened here today. The convention was called to order by President Charles O. Barry of Walker, O., who, after an invocation was pronounced by Rev. George W. McDaniel, introduced the prominent speakers. Postmaster I. T. Clapp of Beech Grove, Ind., responded to their felicitations on behalf of the league. Then followed the president's annual message.

During the afternoon session several papers were read by prominent members of the association. Among these were "Sunshine and Shadows of the Postal Service," by Postmaster McH. Webb of Simpsonville, Ky.; "The Selection and Training of a Clerk," by Postmaster O. W. Curtiss of Swanton, O.; "Postal Economy and Penny Postage," by Postmaster F. G. Ely of Davisburg, Mich., and "Postal Savings Bank, Money Order and Registry Troubles," by Postmaster H. H. Maupin of Egan, S. D.

MRS. LARAMORE TELLS TROUBLES

Lady In Goodwater Describes Her Distressing Experience and Tells How She Was Finally Relieved.

Goodwater, Mo.—"Ever since I was a little girl," says Mrs. Riley Laramore, "I was a great sufferer from dyspepsia.

I suffered misery after eating, and had terrible heartburn.

I thought I had to suffer this way as long as I lived, but when I began to take Thedford's Black-Draught, in small doses, every night, the heartburn was all gone in a few days, and I could eat without distress.

I took two small packages in all, and although that was some time ago, the dyspepsia has not returned.

I speak a good word for Thedford's Black-Draught whenever I have the opportunity."

If eating causes distress, we urge you to try Thedford's Black-Draught. It cleanses the system, helps the stomach to digest its food, regulates the bowels, and stimulates the liver.

It acts gently and is without bad after-effects. Try it. Price 25c.

OROZCO PROPOSES PLAN FOR PEACE

Rebel General's Representative Sends Letter to Madero.

WOULD APPOINT COMMISSION

Says Revolutionists Are Ready to Participate in Conference at Which all Factions Should be Represented.

Los Angeles, Sept. 19.—R. Gomez Robelo, the accredited representative of Gen. Orozco at El Paso has sent to President Madero a proposal for a commission to try to arrive at a basis of pacification of Mexico.

Robelo declares the willingness of the revolutionists of the north to participate in the deliberations of a commission in which there shall be representatives of the Madero government, the federal army, the revolutionary army of the north and the revolutionary army of the south and the various civil element of the republic.

Orozco Wants Liberty.

Gen. Orozco has been told, through me," says Robelo in his letter, "that the government wishes to bring about peace. The general desires to bring about liberty. We are ready to meet with the government, the army and the civil elements of the republic in this effort.

"We believe that a mixed delegation formed of representatives of the government, the federal army, the independent civil elements and of the revolutionary armies of the north and of the south, should be charged with the study of the definite points of an agreement.

"Upon communicating these resolutions to you, we make a supreme appeal to your duty to the fatherland."

Refugees to Testify.

Robelo sent a copy of this proposal to Senator William Alden Smith and Senator Fall of the senate sub-committee which has begun the investigation of alleged American influence behind the revolutionary disturbances in Mexico and Senator Smith made it public.

Senators Smith and Fall held a conference during the afternoon with United States Attorney McCormick and Assistant United States Attorney Rudley Robinson, in which the violation of neutrality cases tried here in the federal courts were discussed. The senators will next go to Long Beach and take the testimony of several prominent Mexican refugees who are living there.

The Mason Automobile

Is a two cylinder horizontal opposed; water cooled engine; the best, strongest and most durable all purpose car on the market.

Gene Dowis

Says the Mason will develop more power with less fuel, last longer and go further without any adjustment than any other Automobile manufactured in the United States under $2,600.00

The Mason Automobile

Is the first successful and most powerful two cylinder car that has ever been placed on the market.

The Heart

Of an Automobile is the engine, magneto and carburetor. If these three are properly designed to work together it is easy to drive as slow as a man can walk, or speed up to a mile a minute, without touching a pedal or lever. The Mason Automobile can do this with less machinery than any fourcylinder car manufactured in the world. Now Farmer, Doctor, Liveryman and Rural Route man, why should you buy a two cylinder Mason car instead of a four-cylinder car?

Because

First, you get more power and less expense. It costs $3 license fee per year on a two-cylinder car and $8 per year on a four-cylinder car. You won't use half as much lubricating grease on a two-cylinder car as you do on a four-cylinder car.

Why?

Because there are only one-half as many working parts to lubricate. It takes two more spark plugs to keep a four-cylinder car running, two more cylinders, two more pistons, 6 more piston rings, 2 more connecting rods and bearings, 4 more valves and valve springs, twice as much wiring and more than twice the expense tokeep in working order. It costs twice as much to have a four-cylinder car cleaned up as it does a two-cylinder car and on our four-cylinder cars the tire expense is almost double. You can develop more pulling power to the driving wheels of a two-cylinder car than you can a four-cylinder car; you have no sliding gear transmission to break up in our two-cylinder car; you have no fans and belts to bother with in our two-cylinder car; you have only half as many pedals and levers to keep in repair; your sparking devices will last twice as long on a two-cylinder car and won't give as much trouble as our four-cylinder car; our two-cylinder car cranks at the side, lessening the danger of being knocked down and run over by a four-cylinder car; the weight on the wheels of our two-cylinder car is more equally distributed on all wheels than on a four-cylinder car which insures more ease and comfort in riding over rough roads; our two-cylinder car has the same brake power as pulling power, therefore insuring the safety of your lives on hills or grades; our two-cylinder car has the gas tank in front of the engine which insures a good flow of gas to the power plant when going up a grade; the oiler on our two-cylinder car is force feed to all bearings, which insures long life and good service. Mr. T. W. Temple, of McPherson, Kansas, writes the company at Waterloo, Iowa, and says he owns a two-cylinder Mason car, Model A, that he bought of the Kansas City agent three years ago. Mr. Temple is in the livery business at the above place. He says he has drove this Mason car over fifty thousand miles and the most remarkable thing is that it has never had a bearing replaced in it, either in the machinery or running gear. And it has had hard service all its past life and has been used a number of times dragging in dead cars and forced to pull heavy loads besides 6 and 8 passengers. He says it is still giving good service and if they keep oil in the oiler it will give as m any more miles as it has in the past. Of all the drives that have been experimented with in the past—thebeval gear, the spur gear and worm gear—the chain and sprocket gear has proven itself to be the most reliable, most durable, easiest fixed, quietest running and longest lived of any of them. I say that no car on earth, selling at the price, will give as long and g ood service as the two-cylinder Mason Automobile

$100 REWARD FOR AN AUTOMOBILE AS GOOD AS THE MASON

Warning! Don't leave the Street Fair grounds at Maryville until you have seen the wonderful exhibition of power shown you by the Mason Hill Climbers, the best Automobile for the money on the market. An ounce of demonstration is worth more to you than a ton of talk. Come and see us at the Street Fair.

The Mason Does It in Spite of Hills, Sand or Mud

THE CAR THAT NEVER MET DEFEAT IN ANY CONTEST

Always Ready—Always Gets There—Always Gets Back

It is Most Gratifying to have others claim that their Cars are as Good as the Mason

But when they claim to have climbed our 50 per cent incline as easy as the Mason does, or that they have climbed it at all, we must insist that they are stating what they know to be an unqualified falsehood.

No car of any make, power, or price has ever been able to equal our stunt

And we have been giving the same exhibition on the incline for the last six years, and have always invited others to try it, and all have failed.

Ability to climb hills—go through sand and mud is not our only quality.

We have speed. We have artistic lines and finish. We have easy riding and above all, durability that comes from years of comprehensive, intelligent and honest building of motor cars.

Nothing short of a personal trial can give you even an approximate idea of the efficiency, durability, and general all around superiority of our automobiles and light delivery cars.

After 9 years of unqualified success in producing automobiles we have come to the point where we know that we can and do produce the most satisfactory all around car at anywhere near our price.

It takes more than money, paper and printer's ink to produce a satisfactory automobile. It requires all these plus experience and intelligent comprehension of results.

Price should be the last thing to be considered in buying a car. "You can't get something for nothing."

While it is true that in building automobiles, there is used by different manufacturers the same motor, transmission clutch, wheels, axles, etc., they do not all use the same class of labor, or the same supervision in construction. That labor element is one that cannot be seen, it cannot be discovered except after long use. Open and closed bodies, two or four cylinders, chain or shaft drive, and any color you want.

The "Net"

Is the name of the big fifteen thousand dollar serial story which will appear in the Weekly Kansas City Star soon, for the newspaper rights of which the author received $15,000. The story, pronounced the greatest this popular novelist has written, will not be published as a book until it has run serially in this newspaper.

The theme is the Italian Mafia, and against that sinister background the author has thrown the softer colors of an absorbing and fascinating love story. The story, while tragic in tone, has the humor, springhtliness and action that have characterized his previous successes.

"The Net" will be continued in liberal installments each week, with fifteen powerful illustrations by Howard Giles. The subscription price of the Weekly Kansas City Star is 25 cents a year.

AGED MAN GOES BACK TO SCHOOL

Kansas University to Have Student Who Was 26 When Institution Was Organized.

Lawrence, Kan., Sept. 18.—With the hundreds of youthful high school graduates who will seek admission to the University of Kansas next week will come one applicant who was 26 years old at the time the university was organized in 1864. William Munson of Mound City, is the student.

A graduate of Wesleyan university in the class of 1867, he received his master of arts degree from the same institution in 1870 and in 1882 two divinity degrees from Yale.

Mr. Munson says he desires to continue his education in spite of his 74 years in order "to be busy in the very best way and to keep the mind awake and active."

Guardians of Public Health Meet.

Washington, Sept. 18.—The fortieth annual meeting of the American Public Health association opened here today with President John N. Hurty of Indianapolis in the chair and an attendance augmented by the fact that the sessions are to be followed immediately by the International Congress on Hygiene and Demography. In its general sessions the association will consider such matters as typhoid fever, bubonic plague, eugenics, disposal of city wastes, child welfare and others relating to the public health.

A $150,000 School Burned.

Fort Smith, Ark., Sept. 18.—Defective wiring caused fire that totally destroyed the $150,000 high school annex here. The board of education met immediately and decided to arrange at once for a new and modern fireproof building. William T. Ittner, architect for the public schools in St. Louis, was requested to come here to advise as to the construction of the new building.

S. S. Wenn of Burlington Junction was in Maryville Monday with ten ear of fine Yellow Dent corn that he raised this year. He will have it on exhibition at the fair.

Black Silk Stove Polish is *different*. It does not dry out; can be used to the last drop; liquid and paste one quality; absolutely no waste; no dust or dirt. You get your money's worth.

Black Silk Stove Polish

is not only most economical but it gives a brilliant, silky lustre that cannot be obtained with any other polish. Black Silk Stove Polish does not rub off—it lasts four times as long as ordinary polish—so it saves you time, work and money.

Don't forget—when you want stove polish be sure to ask for Black Silk. If it isn't the best stove polish you ever used—your dealer will refund your money.

Black Silk Stove Polish Works, Sterling, Illinois.

Use Black Silk Air Drying Iron Enamel on grates, registers, stove-pipes, and automobile tire rims. Prevents rusting. Try it.

Use Black Silk Metal Polish for silverware, nickel, tinware, or brass. It works quickly, easily, and leaves a brilliant surface. It has no equal for use on automobiles.

CLEANS THE HAIR AND MAKES IT BEAUTIFUL---25 CENT "DANDERINE"

IN A FEW MOMENTS YOUR HAIR LOOKS SOFT, FLUFFY, LUSTROUS AND ABUNDANT—NO FALLING HAIR OR DANDRUFF.

Surely try a "Danderine Hair Cleanse" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderine and draw it carefully through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or any excessive oil. In a few moments you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance, the beauty and shimmer of true hair health.

Besides beautifying the hair, one application of Danderine dissolves every particle of Dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow abundantly long, strong and beautiful.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will just get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it as directed.

MET OFFICERS WITH BULLETS

Utah Mine Strikers Will Let No One Approach Property.

ARE ENTRENCHED IN MOUNTAINS

Deputy Sheriffs Efforts to Stop Disorder Led to First Bloodshed—Militia Expect to be Called Out.

Bingham, Utah, Sept. 19.—Forty-five hundred men, employed in the copper mines here, refused to work after the operators declined to meet their demands for an increase in pay of 50 cents a day.

Every mine in the camp, with one exception, is idle. The majority of the strikers are aliens and are determined that no one shall enter the mines or buildings until their demands have been granted.

Seventy-five deputy sheriffs are patroling the streets and all saloons are closed. Early in the night a crowd of strikers threatened the patrol, but they promptly were held up and disarmed.

Foreigners Are Entrenched.

The foreigners have entrenched themselves in commanding positions above the mines and have fired on several parties who attempted to visit the properties.

Sheriff Sharp is in the district directing his deputies, but his force is too small to control the situation should the miners attempt to destroy the mine properties.

Members of the state militia are expecting a call to the district and are preparing their camp equipment already.

Twenty-five deputy sheriffs, sent to the camp in anticipation of trouble, attempted, so far as was prudent, to stop the shooting and lift the blockade. Their efforts led to the first bloodshed of the strike when Thea Schweitzer, a deputy, ordered a picket to stop firing his gun. The picket continued his fusilade and the deputy fired at him, wounding him in the wrist. Other strikers rushed to the picket's aid and Schweitzer was glad to escape.

Only One Mine Working.

Only one mine continued operations, that of the Utah Apex Mining company, whose officers signed a contract with the miners a few days ago. The great Utah Copper, one of the most productive copper mines of the world, the Utah Consolidated, United States, Bingham-New Haven Ohio Copper, Bingham mines and a score of lesser mines and leases, the Bingham & Garfield railway and the ore traffic on the Copper Belt branch of the Rio Grande railway were closed tightly.

With a force numbering 35 men the officers in camp started a party on the rounds of the mines to draw the fires which had been left burning under many of the boilers. The party scarcely had started up the mountain on which most of the mines are located when bullets began to patter on the hillside in front of them and it was discovered that the strikers had been busy building breastworks in commanding positions at each side of the narrow gulch in which this town hides itself.

SIX MORE ALDERMEN INVOLVED

Detroit Graft Scandal Hearing Results in Appearance of new Faces in Court.

Detroit, Sept. 19.—Seven aldermen, six of whom have heretofore not been mentioned in connection with the councilmanic graft scadal, appeared in Justice Jeffrie's court, where the hearing of 17 aldermen and E. R. Schreiter, former council clerk, charged with conspiracy, are held.

They were subpoenaed late at night following the testimony of Schreiter in police court that he had approached the seven councilmen and offered them a bribe for their votes. Schreiter was not allowed to tell the court what their answer had been. The seven aldermen, Allen, Littlefield, Gutman, Garvey, Skrzcki, Schultz and Harper emphatically denied that they had had any connection with the bribery deal.

Brakeman Slain by Robber?

Lebo., Kan., Sept. 19.—A Santa Fe freight train crew missed Brakeman Polley about midnight and an engine with a searching party went out from Emporia. The missing man was found unconscious in the Cottonwood river, just west of Neosho Rapids. A sealing iron was found on a box car and it is supposed the brakeman came upon a car breaker and was hit and thrown from the car. The brakeman died after reaching Emporia.

Atchison, Kan., Sept. 19.—A special election to vote on the adoption of commission form of government will be held here Wednesday next. It was voted down last spring by a majority of 27 votes.

NEW ELECTORS TO BE NAMED

Progressives Decide Not to Sue Kansas Secretary of State.

TAFT MEN ARE TO HEAD TICKET

T. R. Supporters Now Circulating Petitions to Nominate Entire Set of Ten New Names.

Topeka, Sept. 19.—It is not likely that any suit will be brought against Charles Sessions, secretary of state, to enjoin him from putting the names of Taft and Sherman at the head of the Republican column. It also is improbable that the eight Roosevelt electors now on the Republican ticket will resign their places and go into the independent column on the general election ballot.

Before September 26 it is practically certain that a new set of ten presidential electors will have nomination papers filed for them by William Allen White, national committeeman for Kansas for the Progressive party. These ten names may never be voted for in the election and they may be the list of actual Roosevelt electors which will appear on the ballot.

No One Willing to Start Suit.

Numerous conferences were held here during the day and night by Progressive leaders. When the leaders stopped talking it was generally agreed that no action in bringing the injunction suit would be taken.

Robert Postlethwaite, one of the Roosevelt electors, after participating in half a dozen conferences, decided to stay in the Republican column.

He filed a formal protest against the secretary of state publishing Taft and Sherman's names as the national candidates of the party and he also asserted that he would not bring a suit to stop that.

The party council voted an instruction that the secretary of state should not certify Taft's name for the place at the head of the ticket, and it was proposed to bring a suit to stop him. Since the electors did not feel it their duty to begin the suit, in fact they were told by attorneys that they had no right to do so, it would devolve on J. N. Dolley, chairman of the Republican state central committee.

Dolley Doubts His Authority.

He announced that he would not take this action. It is extremely doubtful if the supreme court would reverse its decision of 15 years ago, and Mr. Dolley doubts his authority to bring the proceedings.

William Allen White, who participated in some of the conferences, already has the complete set of independent electors arranged and the petitions are now being circulated for them.

The new electors are not to be construed as superceding the eight Roosevelt electors already on the ticket, but they are simply being placed in nomination to avoid danger of the courts striking the eight Roosevelt names off the petition. The supreme court of the United States will hear the elector case in Washington, October 14.

OKLAHOMA CONTEST IS SETTLED

Progressives Jubilant Over Placing of Candidates for Electors on Ballot.

Oklahoma City, Sept. 19.—Progressives of the state are jubilant over the action of Judge E. D. Oldfield of the Oklahoma county superior court in placing the additional candidates for presidential electors on the official ballot under the Republican title. As the attorney general's office acquiesced in that, the matter is finally settled.

From now on the Progressives will wage a vigorous campaign for the election of the nine out of ten electoral candidates who have pledged themselves to the cause of Roosevelt and Johnson.

The holding of the court is hailed as a distinct victory for the Progressives. In Kansas the Progressives were forced to be satisfied with eight out of ten electors.

LABOR FAVORS TAX AMENDMENT

State Federation, in Session at Sedalia, Denounces Present System as Iniquitous.

Sedalia, Mo., Sept. 19.—The State Federation of Labor went on record in strong resolutions in favor of the single tax amendment to be voted upon in November. The present system of taxation is denounced as iniquitous, it being asserted that it exempts land in city and county held for speculative purposes.

The report of the conference on child labor set forth that the low wages of men and women is the real cause for a greater portion of the crime and degradation now prevalent.

Dragged to Death by Horse.

Oakley, Kan., Sept. 19.—Ella Mansfield, 10 years old, was killed here by being thrown from a horse. She was out in the pasture after cows when the horse became frightened and dragged the child to death. She was the daughter of Mr. and Mrs. James Mansfield.

WEDDED AT ST. FAIR

MISS REBECCA GOLAY AND DEE CALLAHAN OF CLEARMONT.

THOUSANDS LOOKED ON

And Saw Happy Young Couple Joined in Marriage—All Ready for Housekeeping and House Furnished.

Miss Rebecca Golay and Mr. Dee Callahan, both of Clearmont, were the young couple who were married Thursday afternoon at 2 o'clock at the street fair in the presence of thousands.

They arrived in the city Wednesday and were guests of Sheriff and Mrs. W. R. Tilson.

At 1:45 o'clock Harry Wells conveyed the bride and bridegroom-elect in his car to the Linville hotel, where the wedding procession was formed, the yellow-capped police force leading to clear the way, followed by the car carrying the wedding committee, Mr. F. R. Marcell, Mr. and Mrs. Jesse Paulette and Mr. Harry Lyle, the Maryville band, the bride's car and two cars with the little flower girls, Lela Meier, Helen Davis, Mary Carpenter, Gladys Morehouse, Dorothy McDonald, Helen Dean, Mary Louise Andrews and Mary Margaret Richie, all dressed in white and carrying flowers.

The procession stopped at the west gate of the court house yard, and after the bridal party alighted from the cars, proceeded through the gate, up the stone walk to the court house door, turning on the north walk to the band stand, that had been appropriately decorated for the ceremony. The flower girls formed an aisle up the stairway for the bride and groom and strewed the way with flowers. After the bride and groom had taken their places Rev. Claude J. Miller of the Christian church of this city read the ceremony.

The bride wore a wedding gown of pale blue batiste with trimmings of white lace, and carried a bouquet of bride's roses. Her hat was of white corded velvet with trimmings of white marabout and pale blue silk cords. The groom wore the conventional black.

The bride is a sister of Mrs. Ed Wallace of Clearmont, with whom she has been making her home. Both Mr. and Mrs. Wallace were present at the wedding, also another sister of the bride, Mrs. Frank Beal of Shenandoah, Ia., and the mother of the bridegroom, Mrs. Kate Callahan. The bride is a pretty, sensible young woman and is an accomplished housekeeper.

The bridegroom is the son of Mrs. Kate Callahan of Clearmont, and has been employed on the Burlington railway for the past seven years. He is an industrious young man of good habits and has a home of his own furnished and ready for housekeeping at Clearmont. They are excellent young people and were assured Thursday of the best wishes of all who attended their wedding.

TOOK OVERCOAT AND SUIT.

Some One Entered the Frank Goodspeed Home, Southeast of the City on Wednesday.

An overcoat and a suit of clothes were taken from the home of Frank Goodspeed, about two miles southeast of the city, some time Wednesday afternoon while the family were in Maryville attending the street fair. The overcoat and suit of clothes belonged to the hired man at that farm. A gold ring was also taken.

Couple Married Last Year Here.

Mr. and Mrs. Harry Bollinger, who were married in public at the street fair last year were interested spectators at the public wedding ceremony this afternoon.

Miss Minta Howden of Skidmore is the guest of Miss Nelle Wary.

CHILDREN BE READY

THE BIG PARADE WILL BE SATURDAY AFTERNOON.

ALL CHILDREN WANTED

Watch for the Twin Section—There Will Be a Lot of Little Twins—Then The Indians.

The children's parade will form at the Empire theater at 1:30 Saturday afternoon. All children who are to participate in the parade must meet at the Empire theater promptly at that time.

Any child, boy or girl, under 15 years of age may participate in the parade. Children who are not competing for any prizes in any of the classes are requested to march in the parade. Bring on your go-carts, baby carriages, express wagons and other vehicles and get placed into the proper class for the parade.

The float for the Fairy Queen is finished and is very beautiful. The Fairy Queen is in readiness and had her picture taken in full dress yesterday.

All twins under 16 are requested to be present for the twin parade. Twenty pairs of twins are already arranging to be in the parade.

A present for each child who participates in the parade.

The boys who participate in the Indian parade do not need to have vehicles of any kind. This does not prevent boys who ride tricycles from wearing Indian suits, but such boys will be entered in the tricycle class and not in the class of Indians.

Any child living in Nodaway county is eligible to enter the parade.

The parade will start from the Empire theater promtpiy at 1:45 and march north to the Maryville National bank, then east one block, then south one block, and then west, having passed around the square, then south to the theater.

MET WITH AN ACCIDENT.

The Finger of Golda St. Clair, in Frontier Day Show, Was Shot by Sam Scoville.

An accident occurred in the Frontier Day show last night while the performance was being given. Golda St. Clair, who was holding a cracker up for Sam Scoville to shoot at, was shot in the finger that was holding the cracker. The wound was not a very serious one and was dressed by Dr. Will Wallis.

CHAUTAUQUA BOARD TO MEET.

A Meeting Called by President Oakerson for Saturday Morning in His Office.

A meeting of the Chautauqua board of directors will be held at 10 o'clock Saturday at the office of County Superintendent W. M. Oakerson. The purpose of the meeting is to organize and discuss the talent and program for next year's Chautauqua.

Mrs. M. Barkman of Parnell is visiting her daughter, Mrs. U. S. Wright. Another guest at the Wright home is R. E. Willhite of Parnell.

Miss Elsie Liggett of Stanberry is the guest of Miss Maud Bainum.

Ring No. 10—Best saddle mare or gelding (to be shown under saddle)—Miss Laurinda Craig, Bolckow, first; M. G. Safely, Hopkins, second; Guy Williams, Graham, third.

The judges were J. A. Kavanaugh, Graham; George Moran, King, and Richard Gordon, Lenox, Ia.

The above were the prize winners at the horse show given Thursday morning at the fair. The show was much better than Wednesday morning, and there were a large number of entries in each ring.

Thursday morning dawned with a cloudless sky for the street fair wedding day. The air was clear and cool in the morning, but by noon the sun had warmed the atmosphere to a comfortable heat, and the crowds came pouring in from every direction. Every train was loaded to the platforms and the automobiles and buggies are standing in every available place. It is the old wedding day crowd of the street fair, which is usually the largest of the week. Should the weather continue as it is Thursday the attendance will be immense for the remaining two days.

All attractions are being well patronized. Wednesday night's crowd was large, and was in the nature of carnival night, for every one seemed bent on having a good time, and if that spirit continues to grow Saturday night will indeed see high carnival.

On Friday the special feature of the day will be the fraternal parade in the evening at 8:30 o'clock. Several lodges will take part in the parade.

The display of fruit, grains and vegetables in the tent on West third street is excellent, and the prizes will be awarded by Friday noon. In addition to the list of exhibitors in this tent given in Wednesday's issue of this paper are the following:

Dale Marsh, Yellow Dent corn.

Jefferson Monroe, Yellow Dent, White Cap and pop corn.

Nick Meyers, Yellow Dent.

Myrle Nixon, pop corn.

Harvey Whitney, melons.

Sam S. Webb, Reid's Yellow Dent corn.

H. A. Watts, fruit displays.

Mrs. James Baumle, two varieties of grapes.

Mrs. Preston Seafers, Bartlett pears.

Mrs. George Lucas, plumes.

Mrs. Rankin Lyle, three varieties of pears and six varieties of plumes.

J. S. Thompson, one variety of pears and one of plumes.

S. G. Selecman, plumes.

J. L. Charles, one variety of apples, two varieties of peaches.

HOME COMING AT CHURCH.

Methodist Episcopal Church of Maitland Invites Former Pastors and Members on Sunday.

Sunday will be home coming day at the Methodist Episcopal church at Maitland, and the pastor of the church, Rev. A. C. Brown, invites all former pastors, members, Sunday school scholars and friends, present and past, to attend.

Rev. C. H. John of Maryville will deliver the home coming sermon at the church on Sunday morning. Rev. John is a former pastor of this church, having served in 1895 and 1896. After the sermon a basket dinner will be served. In the afternoon at 3 o'clock Rev. C. H. Sauceman of Skidmore will give a sermon, and at 6:30 o'clock in the evening Epworth League services will be conducted by Mrs. Bettie Jones Morehouse of Clearmont. At the evening service a sacred cantata, "The Seasons," will be given by a chorus of eighteen voices.

The pastors of the Maitland church from years past to the present time are as follows: T. J. Enyeart, Charles Bolson, Robert Devlin, J. A. Showalter, William Sapp, J. W. Kinser, C. C. Luce, J. J. Lace, J. M. Bennington, C. O. Mills, William Hartzel, W. R. Enyeart, C. E. Wood, W. H. Fells, C. H. John, Samuel Knupp, Lane Douglas, J. W. Coughlan, C. A. Hodshire, O. S. Middleton, J. J. Cokely, W. R. Enyeart and Ava C. Brown.

HORSE AND MULE CENSUS OUT.

Nodaway County Has 16,281 Horses and is a Leading Horse County in the State.

Ripley county leads the state in the value of its horses and mules, according to statistics compiled by the state board of agriculture. The average Ripley county horse is assessed at $56.84, while the average mule is valued at $61.61.

In the number of horses Jackson county leads with 22,237. Saline county with 6,969 is the leading mule county.

St. Louis City has 16,488 horses, valued at $934,810, or $56.69 each. It also has 1,790 mules. St. Louis county has 3,901 mules, leading the city of St. Louis by a big margin, but it falls far behind in the number of horses, having but 9,732.

Carter county, with 1,102 horses, ranks last among the 114 counties of the state, while Worth county, with 703, brings up the rear in the number of mules.

The leading horse counties of Missouri are Bates, with 15,360; Carroll, 12,726; Cass, 13,816; Greene, 14,606; Harrison, 15,939; Henry, 12,186; Jackson, 22,237; Macon, 12,660; Nodaway, 16,281; Sullivan, 13,144; Vernon, 14,624; St. Louis City, 16,488.

Besides Saline, Calloway, with 6,054, and Boone, with 5,803, are the leading mule raising counties of Missouri.

RULES FOR CONTEST.

To Be Given November 7, During the Fall Teachers' Association Meeting.

A declamatory contest will be given during the fall teachers' association meeting, on the evening of November 7. The rules of the contest are as follows:

This contest is open to regularly enrolled high school students only. Each school is limited to one contestant.

The declamations shall be memorized readings, omitting tragedy.

The contest shall be judged by a committee of three persons. The decision shall be based upon the following points. (a) Voice—pitch and modulation; (b) enunciation—articulation and pronunciation; (c) delivery—general ease and effectiveness; (d) gesture—grace and fitness; (e) interpretation—appreciation of the selection; (f) memory.

The committee of judges will be in session in Maryville, at the Normal building, November 7th, between 2 p. m. and 5 p. m., to conduct a preliminary contest in which all contestants are required to appear. Contestants must be present at the Normal building at 2 p. m.

The declamations shall be limited to ten minutes each. Persons using more than ten minutes will be penalized in the grading of the declamation at the rate of 2 per cent for each fifteen minutes of excess time.

Send copies of declamations to Mr. V. I. Moore, Maryville, Mo., not later than October 25, 1912, for approval.

Miss Mary Ford went to St. Joseph Thursday morning to spend the day.

F. M. PETTY BURIED

REMAINS OF MERCHANT LAID TO REST WEDNESDAY.

LARGE CROWD AT FUNERAL

Extracts From Impressive Sermon by Pastor, Rev. S. D. Harkness—The Pallbearers.

The funeral services of F. M. Petty, who died Monday, were held in the Presbyterian church Wednesday afternoon at 3 p. m. Mr. Petty was an elder of the church for twenty-five years, and so prominently identified with the church work that the church feels

"As when a kingly cedar, full of years,
crashes to earth,
And leaves a lonely place against the sky."

Pastor S. D. Harkness used John 14:27 as his text, the words of Jesus—"Peace I leave with you, my peace I give unto you; not as the world giveth give I unto you. Let not your heart be troubled, neither let it be afraid."

Extracts from the sermon follow:

This was our brother's favorite verse. These words of our Lord became his very life. I sat in a room the other night through which some one carried a vase of roses. After they had gone a delightful fragrance lingered in the air, a fleeting remembrance of their beauty. God has put His loving arm about Brother Petty and has taken him up higher. Our memories of his face in the Sabbath school, in the choir, are clear and well defined in our hearts today. Not a Presbyterian is before me but has received the secrament of our Lord's supper from his hands many times. We have loved him for his Christ-likeness. Our memory of him can never fade. His life will be flowering in the lives of all of us until we clasp his hand in Beulah land. Let us see how he walked with God through the gracious ministry of his favorite verse.

The peace of God promises that we, who see through a glass darkly today, shall see Him face to face, when our "morning breaks and the shadows flee away." We share in this hope that some day for us, as for him, "birthday bells shall ring on high."

"Not as the world giveth give I unto you." Brother Petty was too humble a man to have ever dreamed of sharing in this Christ-likeness with his Lord, but we who know the fruitage of his life in our lives can see that he walked with God so closely that he learned His ways. A man said to me the other day: "I made Mr. Petty my ideal as a man when I was a boy, and through all the years I have never found one un-Christ-like thing in him to make my youthful idealism of his Christian manhood suffer in the light of mature judgment"—and this from one of his intimate friends. Another man said: "He has made the Bible men seem real to me."

Another, whom I have looked up in this very light said to me of him: "The verse that fits his life is 'Blessed are the meek for they shall inherit the earth.'"

He has ministered to this church with a rare devotion. His life has been one every day sermon—not preached but lived. "Not as the world giveth, give I unto you." No, the world cannot give like this. This is our inheritance, that fadeth not away. He ministered in the spirit and with the effectiveness of his Lord.

Now, he would not have you, his dear ones, troubled in heart. He would speak to you through these words of his Master: "Let not your hearts be troubled, neither let them be afraid." "Perfect love casteth out fear." Let the sunshine of his Lord and yours warm your hearts with thankfulness for all that he means to you and us. The golden memories of his ministry in the home and church have lifted life to a higher plane, and through him "we see Jesus." He bonds you to

Moved Family to Mexico.

T. J. Wallace of Clearmont attended the street fair in the city Wednesday. Mr. Wallace has just moved his family to Mexico, Mo., where his daughters, Misses Neva and Mary Wallace, will attend Hardin college. Mr. Wallace will spend the greater part of his time at Clearmont, looking after his farming interests. The family will make their home in Mexico for four years, except during the summer, when they will live on the farm.

Mrs. D. R. Littler of St. Joseph is attending the street fair and is the guest of Mr. and Mrs. A. W. Littler.

Mrs. Hugh Berkley of Kansas City, who has been visiting in Maryville, returned home Thursday morning.

News of Society and Womens' Clubs

Roelofson-Sawyers Wedding.

A very pretty home wedding was that at the home of Mr. and Mrs. Frank Roelofson, Wednesday evening, September 18, at 7 o'clock, when their eldest daughter, L'Marie Litta, was united in marriage to Mr. Paul H. Sawyers of St. Joseph. Sixty-five guests, all relatives or near friends, were present to witness the ceremony, the ring service, read most impressively by the bridegroom's father, Rev. H. A. Sawyers, pastor of the First Presbyterian church of Savannah. Standing by the officiating minister was the bride's pastor, Rev. Claude John Miller of the First Christian church of this city, who offered the prayer for Divine blessing upon the happy couple. The wedding music was given by Miss Ola Smith, who played the march from "Lohengrin" as the bridal party entered the parlor. The bride was beautiful in her bridal robe, exquisitely fashioned of white silk chiffon over white satin. Point lace adorned the neck and sleeves, white small clusters of tiny pink rosebuds fastened on narrow white ribbons, hung from the neck, sleeves and broad satin girdle. Her going-away gown was a suit of dark blue serge with hat to match. The rooms were beautiful in their decorations of asparagus ferns and pink and white asters. The bride's table in the dining room was especially pretty in green and white, where was served the one-course wedding luncheon, also in green and white. Maiden hair ferns were draped in strands from the chandelier to the four corners of the table, all in white, the bride's cake making a lovely center. At the bride's table were seated Mr. and Mrs. Paul Sawyers, Mr. and Mrs. J. Frank Roelofson, Rev. and Mrs. H. A. Sawyers and Rev. and Mrs. Claude J. Miller. The bride and groom left immediately after the luncheon for a few days' honeymoon in Chicago, where they will be the guests of the bride's uncle, L. C. Swearengen, and family, with whom she made her home while pursuing her musical studies at the Chicago School of Music, where she was graduated. Accompanying Mr. and Mrs. Sawyers to the train was a large company of friends, who sent them off in great showers of rice and old shoes, while the bridegroom's bachelor uncle, Will G. Sawyers, announced their wedding to the passengers on the train. Mr. and Mrs. Sawyers will be at home at 1024 North Thirteenth street, St. Joseph, after October 15.

TRUST OWNED COMPETITORS

HARVESTER SUIT TESTIMONY BECOMES INTERESTING.

Rivals Advertised as "Independent" Long After Their Sale to Combine.

Chicago, Sept. 19.—Searching examination into the workings of the "dual personality" of the International Harvester company of New Jersey and efforts of Clarence S. Funk, general manager of the company, to prove by figures that competition exists, are embraced in the hearing of evidence in the federal suit to dissolve the $140,000,000 corporation.

The "secondary personality" of the New Jersey company is the International Harvester Company of America through which all the products of the former are marketed.

Funk submitted a type written list of the Harvester company's products showing the number of competitors in the sale of each, which ranged from three in the sale of corn pickers to 103 in the sale of wagons.

The New Jersey corporation, which is the combination of the McCormick, Deering and other manufacturing concerns in the alleged trust, sells all its machines to the International Harvester Company of America.

The $100,000,000 capital stock of the selling company is held in trust for the stockholders of the New Jersey corporation, of which Cyrus H. McCormick is president.

Important features of the testimony were admissions by a trust official that both D. M. Osborne & Co., of Auburn, N. Y., and the Minnie Harvester company of St. Paul, Minn., were advertised as independent for two to three years after they had been absorbed by the trust.

TENNESSEE ASKS KANSAS' HELP

Prohibitionists, With Big Fight on, Write Attorney General Dawson for Figures.

Topeka, Sept. 19.—That Kansas has reduced its drinking 2,000 per cent in 8 years, and its per capita consumption of liquors is now $1.48 as compared with Missouri's per capita use of intoxicating liquors of $24 a year, the message sent to Tennessee by John S. Dawson, attorney general, Tennessee has a prohibition fight on. Kansas fills a constitutional amendment to prohibit the manufacture and sale of liquors, and Tennessee people are calling on Kansas for help.

The prohibition workers have been trying to get Dawson to go to that state for a week of speechmaking, but the attorney general cannot go. So the workers in the Southern state asked for a written statement about prohibition in Kansas to use in the campaign there. One hundred thousand copies of the statement are to be printed and circulated throughout Tennessee.

Mexico, Mo., Sept. 19.—Anti-single tax advocates of Audrain county will meet here Saturday to complete a county organization by the election of members of a county central committee from each of the several townships and the election of officers. Local organizations all over the county have been organized in the last ten days.

Leaped From Sky Scraper.

Chicago, Sept. 19.—Climbing out on a balcony of the observatory on top of the Masonic Temple, 22 stories above the ground, Carl Rasmussen, 25 years old, leaped out into the air and was picked up on the roof of a five-story building adjoining. His body was identified by the clothing and papers in his pockets. He was an agent for a life insurance company.

IF CONSTIPATED OR BILIOUS—"CASCARETS"

No Biliousness, Headache, Sick, Sour Stomach, Indigestion, Coated Tongue or Constipation.

Furred tongue, bad taste, indigestion, sallow skin and miserable headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good, gentle cleansing, too.

The business houses of the city closed during the funeral services and all concessions at the street fair closed for five minutes out of respect to Mr. Petty.

POSTMASTERS IN CONVENTION

Men in Charge of Third and Fourth Class Offices Meet at Richmond, Virginia.

Richmond, Va., Sept. 19.—Governor Mann of Virginia and Mayor Ainslie of Richmond extended a warm welcome to the delegates to the convention of the National League of Third and Fourth Class Postmasters, which convened here today. The convention was called to order by President Charles O. Barry of Walker, O., who, after an invocation was pronounced by Rev. George W. McDaniel, introduced the prominent speakers. Postmaster I. T. Clapp of Beech Grove, Ind., responded to their felicitations on behalf of the league. Then followed the president's annual message. During the afternoon session several papers were read by prominent members of the association. Among these were "Sunshine and Shadows of the Postal Service," by Postmaster McH. Webb of Simpsonville, Ky.; "The Selection and Training of a Clerk," by Postmaster O. W. Curtiss of Swanton, O.; "Postal Economy and Penny Postage," by Postmaster F. G. Ely of Davisburg, Mich., and "Postal Savings Bank, Money Order and Registry Troubles," by Postmaster H. H. Maupin of Egan, S. D.

MRS. LARAMORE TELLS TROUBLES

Lady in Goodwater Describes Her Distressing Experience and Tells How She Was Finally Relieved.

Goodwater, Mo.—"Ever since I was a little girl," says Mrs. Riley Laramore, "I was a great sufferer from dyspepsia.

I suffered misery after eating, and had terrible heartburn.

I thought I had to suffer this way as long as I lived, but when I began to take Thedford's Black-Draught, in small doses, every night, the heartburn was all gone in a few days, and I could eat without distress.

I took two small packages in all, and although that was some time ago, the dyspepsia has not returned.

I speak a good word for Thedford's Black-Draught whenever I have the opportunity."

If eating causes distress, we urge you to try Thedford's Black-Draught. It cleanses the system, helps the stomach to digest its food, regulates the bowels, and stimulates the liver.

It acts gently and is without bad after-effects. Try it. Price 25c.

OROZCO PROPOSES PLAN FOR PEACE

Rebel General's Representative Sends Letter to Madero.

WOULD APPOINT COMMISSION

Says Revolutionists Are Ready to Participate in Conference at Which all Factions Should be Represented.

Los Angeles, Sept. 19.—R. Gomez Robelo, the accredited representative of Gen. Orozco at El Paso has sent to President Madero a proposal for a commission to try to arrive at a basis of pacification of Mexico.

Robelo declares the willingness of the revolutionists of the north to participate in the deliberations of a commission in which there shall be representatives of the Madero government, the federal army, the revolutionary army of the north and the revolutionary army of the south and the various civil element of the republic.

Orozco Wants Liberty.

Gen. Orozco has been told, through me," says Robelo in his letter, "that the government wishes to bring about peace. The general desires to bring about liberty. We are ready to meet with the government, the army and the civil elements of the republic in this effort.

"We believe that a mixed delegation formed of representatives of the government, the federal army, the independent civil elements and of the revolutionary armies of the north and of the south, should be charged with the study of the definite points of an agreement.

"Upon communicating these resolutions to you, we make a supreme appeal to your duty to the fatherland."

Refugees to Testify.

Robelo sent a copy of this proposal to Senator William Alden Smith and Senator Fall of the senate sub-committee which has begun the investigation of alleged American influence behind the revolutionary disturbances in Mexico and Senator Smith made it public.

Senators Smith and Fall held a conference during the afternoon with United States Attorney McCormick and Assistant United States Attorney Rudley Robinson, in which the violation of neutrality cases tried here in the federal courts were discussed. The senators will next go to Long Beach and take the testimony of several prominent Mexican refugees who are living there.

The Mason Automobile

Is a two cylinder horizontal opposed; water cooled engine; the best, strongest and most durable all purpose car on the market.

Gene Dowis

Says the Mason will develop more power with less fuel, last longer and go further without any adjustment than any other Automobile manufactured in the United States under $2,000.00

The Mason Automobile

Is the first successful and most powerful two cylinder car that has ever been placed on the market.

The Heart

Of an Automobile is the engine, magneto and carburetor. If these three are properly designed to work together it is easy to drive as slow as a man can walk, or speed up to a mile a minute, without touching a pedal or lever. The Mason Automobile can do this with less machinery than any fourcylinder car manufactured in the world. Now Farmer, Doctor, Liveryman and Rural Route man, why should you buy a two cylinder Mason car instead of a four-cylinder car?

Because

First, you get more power and less expense. It costs $3 license fee per year on a two-cylinder car and $8 per year on a four-cylinder car. You won't use half as much lubricating grease on a two-cylinder car as you do on a four-cylinder car.

Why?

Because there are only one-half as many working parts to lubricate. It takes two more spark plugs to keep a four-cylinder car running, two more cylinders, two more pistons, 6 more piston rings, 2 more connecting rods and bearings, 4 more valves and valve springs, twice as much wiring and more than twice the expense tokeep in working order. It costs twice as much to have a four-cylinder car cleaned up as it does a two-cylinder car and on our four-cylinder cars the tire expense is almost double. You can develop more pulling power to the driving wheels of a two-cylinder car than you can a four-cylinder car; you have no sliding gear transmission to break up in our two-cylinder car; you have no fans and belts to bother with in our two-cylinder car; you have only half as many pedals and levers to keep in repair; your sparking devices will last twice as long on a two-cylinder car and won't give as much trouble as our four-cylinder car; our two-cylinder car cranks at the side, lessening the danger of being knocked down and run over by a four-cylinder car; the weight on the wheels of our two-cylinder car is more equally distributed on all wheels than on a four-cylinder car which insures more ease and comfort in riding over rough roads; our two-cylinder car has the same brake power as pulling power, therefore insuring the safety of your lives on hills or grades; our two-cylinder car has the gas tank in front of the engine which insures a good flow of gas to the power plant when going up a grade; the oiler on our two-cylinder car is force feed to all bearings, which insures long life and good service. Mr. T. W. Temple, of McPherson, Kansas, writes the company at Waterloo, Iowa, and says he owns a two-cylinder Mason car, Model A, that he bought of the Kansas City agent three years ago. Mr. Temple is in the livery business at the above place. He says he has drove this Mason car over fifty thousand miles and the most remarkable thing is that it has never had a bearing replaced in it, either in the machinery or running gear. And it has had hard service all its past life and has been used a number of times dragging in dead cars and forced to pull heavy loads besides 6 and 8 passengers. He says it is still giving good service and if they keep oil in the oiler it will give as m any more miles as it has in the past. Of all the drives that have been experimented with in the past—thebeval gear, the spur gear and worm gear—the chain and sprocket gear has proven itself to be the most reliable, most durable, easiest fixed, quietest running and longest lived of any of them. I say that no car on earth, selling at the price, will give as long and g ood service as the two-cylinder Mason Automobile

$100 REWARD FOR AN AUTOMOBILE AS GOOD AS THE MASON

Warning! Don't leave the Street Fair grounds at Maryville until you have seen the wonderful exhibition of power shown you by the Mason Hill Climbers, the best Automobile for the money on the market. An ounce of demonstration is worth more to you than a ton of talk. Come and see us at the Street Fair.

The Mason Does It in Spite of Hills, Sand or Mud

THE CAR THAT NEVER MET DEFEAT IN ANY CONTEST

Always Ready—Always Gets There—Always Gets Back

It is Most Gratifying to have others claim that their Cars are as Good as the Mason

But when they claim to have climbed our 50 per cent incline as easy as the Mason does, or that they have climbed it at all, we must insist that they are stating what they know to be an unqualified falsehood.

No car of any make, power, or price has ever been able to equal our stunt

And we have been giving the same exhibition on the incline for the last six years, and have always invited others to try it, and all have failed.

Ability to climb hills—go through sand and mud is not our only quality.

We have speed. We have artistic lines and finish. We have easy riding and above all, durability that comes from years of comprehensive, intelligent and honest building of motor cars.

Nothing short of a personal trial can give you even an approximate idea of the efficiency, durability, and general all around superiority of our automobiles and light delivery cars.

After 9 years of unqualified success in producing automobiles we have come to the point where we know that we can and do produce the most satisfactory all around car at anywhere near our price.

It takes more than money, paper and printer's ink to produce a satisfactory automobile. It requires all these plus experience and intelligent comprehension of results.

Price should be the last thing to be considered in buying a car. "You can't get something for nothing."

While it is true that in building automobiles, there is used by different manufacturers the same motor, transmission clutch, wheels, axles, etc., they do not all use the same class of labor, or the same supervision in construction. That labor element is one that cannot be seen, it cannot be discovered except after long use. Open and closed bodies, two or four cylinders, chain or shaft drive, and any color you want.

The "Net"

Is the name of the big fifteen thousand dollar serial story which will appear in the Weekly Kansas City Star soon, for the newspaper rights of which the author received $15,000. The story, pronounced the greatest this popular novelist has written, will not be published as a book until it has run serially in this newspaper.

The theme is the Italian Mafia, and against that sinister background the author has thrown the softer colors of an absorbing and fascinating love story. The story, while tragic in tone, has the humor, springhtliness and action that have characterized his previous successes.

"The Net" will be continued in liberal installments each week, with fifteen powerful illustrations by Howard Giles. The subscription price of the Weekly Kansas City Star is 25 cents a year.

AGED MAN GOES BACK TO SCHOOL

Kansas University to Have Student Who Was 26 When Institution Was Organized.

Lawrence, Kan., Sept. 18.—With the hundreds of youthful high school graduates who will seek admission to the University of Kansas next week will come one applicant who was 26 years old at the time the university was organized in 1864. William Munson of Mound City, is the student.

A graduate of Wesleyan university in the class of 1867, he received his master of arts degree from the same institution in 1870 and in 1882 two divinity degrees from Yale.

Mr. Munson says he desires to continue his education in spite of his 74 years in order "to be busy in the very best way and to keep the mind awake and active."

Guardians of Public Health Meet.

Washington, Sept. 18.—The fortieth annual meeting of the American Public Health association opened here today with President John N. Hurty of Indianapolis in the chair and an attendance augmented by the fact that the sessions are to be followed immediately by the International Congress on Hygiene and Demography. In its general sessions the association will consider such matters as typhoid fever, bubonic plague, eugenics, disposal of city wastes, child welfare and others relating to the public health.

A $150,000 School Burned.

Fort Smith, Ark., Sept. 18.—Defective wiring caused fire that totally destroyed the $150,000 high school annex here. The board of education met immediately and decided to arrange at once for a new and modern fireproof building. William T. Ittner, architect for the public schools in St. Louis, was requested to come here to advise as to the construction of the new building.

S. S. Wenn of Burlington Junction was in Maryville Monday with ten ears of fine Yellow Dent corn that he raised this year. He will have it on exhibition at the fair.

CLEANS THE HAIR AND MAKES IT BEAUTIFUL---25 CENT "DANDERINE"

IN A FEW MOMENTS YOUR HAIR LOOKS SOFT, FLUFFY, LUSTROUS AND ABUNDANT—NO FALLING HAIR OR DANDRUFF.

Surely try a "Danderine Hair Cleanse" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderine and draw it carefully through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or any excessive oil. In a few moments you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance, the beauty and shimmer of true hair health.

Besides beautifying the hair, one application of Danderine dissolves every particle of Dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow abundantly long, strong and beautiful.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will just get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it as directed.

MET OFFICERS WITH BULLETS

Utah Mine Strikers Will Let No One Approach Property.

ARE ENTRENCHED IN MOUNTAINS

Deputy Sheriffs Efforts to Stop Disorder Led to First Bloodshed—Militia Expect to be Called Out.

Bingham, Utah, Sept. 19.—Forty-five hundred men, employed in the copper mines here, refused to work after the operators declined to meet their demands for an increase in pay of 50 cents a day.

Every mine in the camp, with one exception, is idle. The majority of the strikers are aliens and are determined that no one shall enter the mines or buildings until their demands have been granted.

Seventy-five deputy sheriffs are patroling the streets and all saloons are closed. Early in the night a crowd of strikers threatened the patrol, but they promptly were held up and disarmed.

Foreigners Are Entrenched.

The foreigners have entrenched themselves in commanding positions above the mines and have fired on several parties who attempted to visit the properties.

Sheriff Sharp is in the district directing his deputies, but his force is too small to control the situation should the miners attempt to destroy the mine properties.

Members of the state militia are expecting a call to the district and are preparing their camp equipment already.

Twenty-five deputy sheriffs, sent to the camp in anticipation of trouble, attempted, so far as was prudent, to stop the shooting and lift the blockade. Their efforts led to the first bloodshed of the strike when Thea Schweitzer, a deputy, ordered a picket to stop firing his gun. The picket continued his fusilade and the deputy fired at him, wounding him in the wrist. Other strikers rushed to the picket's aid and Schweitzer was glad to escape.

Only One Mine Working.

Only one mine continued operations, that of the Utah Apex Mining company, whose officers signed a contract with the miners a few days ago. The great Utah Copper, one of the most productive copper mines of the world, the Utah Consolidated, United States, Bingham-New Haven Ohio Copper, Bingham mines and a score of lesser mines and leases, the Bingham & Garfield railway and the ore traffic on the Copper Belt branch of the Rio Grande railway were closed tightly.

With a force numbering 35 men the officers in camp started a party on the rounds of the mines to draw the fires which had been left burning under many of the boilers. The party scarcely had started up the mountain on which most of the mines are located when bullets began to patter on the hillside in front of them and it was discovered that the strikers had been busy building breastworks in commanding positions at each side of the narrow gulch in which this town hides itself.

SIX MORE ALDERMEN INVOLVED

Detroit Graft Scandal Hearing Results in Appearance of new Faces in Court.

Detroit, Sept. 19.—Seven aldermen, six of whom have heretofore not been mentioned in connection with the councilmanic graft scadal, appeared in Justice Jeffrie's court, where the hearing of 17 aldermen and E. R. Schreiter, former council clerk, charged with conspiracy, are held.

They were subpoenaed late at night following the testimony of Schreiter in police court that he had approached the seven councilmen and offered them a bribe for their votes. Schreiter was not allowed to tell the court what their answer had been. The seven aldermen, Allen, Littlefield, Gutman, Garvey, Skrzeki, Schultz and Harper emphatically denied that they had had any connection with the bribery deal.

Brakeman Slain by Robber?

Lebo, Kan., Sept. 19.—A Santa Fe freight train crew missed Brakeman Polley about midnight and an engine with a searching party went out from Emporia. The missing man was found unconscious in the Cottonwood river, just west of Neosho Rapids. A sealing iron was found on a box car and it is supposed the brakeman came upon a car breaker and was hit and thrown from the car. The brakeman died after reaching Emporia.

Heavy Enrollment at K. U.

Lawrence, Kan., Sept. 19.—Results of the first day of registration at the University of Kansas indicate an increase in enrollment of from 200 to 500 students, says George O. Foster, registrar.

To Vote on Commission Plan.

Atchison, Kan., Sept. 19.—A special election to vote on the adoption of commission form of government will be held here Wednesday next. It was voted down last spring by a majority of 27 votes.

NEW ELECTORS TO BE NAMED

Progressives Decide Not to Sue Kansas Secretary of State.

TAFT MEN ARE TO HEAD TICKET

T. R. Supporters Now Circulating Petitions to Nominate Entire Set of Ten New Names.

Topeka, Sept. 19.—It is not likely that any suit will be brought against Charles Sessions, secretary of state, to enjoin him from putting the names of Taft and Sherman at the head of the Republican column. It also is improbable that the eight Roosevelt electors now on the Republican ticket will resign their places and go into the independent column on the general election ballot.

Before September 26 it is practically certain that a new set of ten presidential electors will have nomination papers filed for them by William Allen White, national committeeman for Kansas for the Progressive party. These ten names may never be voted for in the election and they may be the list of actual Roosevelt electors which will appear on the ballot.

No One Willing to Start Suit.

Numerous conferences were held here during the day and night by Progressive leaders. When the leaders stopped talking it was generally agreed that no action in bringing the injunction suit would be taken.

Robert Postlethwaite, one of the Roosevelt electors, after participating in half a dozen conferences, decided to stay in the Republican column.

He filed a formal protest against the secretary of state publishing Taft and Sherman's names as the national candidates of the party and he also asserted that he would not bring a suit to stop that.

The party council voted an instruction that the secretary of state should not certify Taft's name for the place at the head of the ticket, and it was proposed to bring a suit to stop him. Since the electors did not feel it their duty to begin the suit, in fact they were told by attorneys that they had no right to do so, it would devolve on J. N. Dolley, chairman of the Republican state central committee.

Dolley Doubts His Authority.

He announced that he would not take this action. It is extremely doubtful if the supreme court would reverse its decision of 15 years ago, and Mr. Dolley doubts his authority to bring the proceedings.

William Allen White, who participated in some of the conferences, already has the complete set of independent electors arranged and the petitions are now being circulated for them.

The new electors are not to be construed as superceding the eight Roosevelt electors already on the ticket, but they are simply being placed in nomination to avoid danger of the courts striking the eight Roosevelt names off the petition. The supreme court of the United States will hear the elector case in Washington, October 14.

OKLAHOMA CONTEST IS SETTLED

Progressives Jubilant Over Placing of Candidates for Electors on Ballot.

Oklahoma City, Sept. 19.—Progressives of the state are jubilant over the action of Judge E. D. Oldfield of the Oklahoma county superior court in placing the additional candidates for presidential electors on the official ballot under the Republican title. As the attorney general's office acquiesced in that, the matter is finally settled.

From now on the Progressives will wage a vigorous campaign for the election of the nine out of ten electoral candidates who have pledged themselves to the cause of Roosevelt and Johnson.

The holding of the court is hailed as a distinct victory for the Progressives. In Kansas the Progressives were forced to be satisfied with eight out of ten electors.

LABOR FAVORS TAX AMENDMENT

State Federation, in Session at Sedalia, Denounces Present System as Iniquitous.

Sedalia, Mo., Sept. 19.—The State Federation of Labor went on record in strong resolutions in favor of the single tax amendment to be voted upon in November. The present system of taxation is denounced as iniquitous, it being asserted that it exempts land in city and county held for speculative purposes.

The report of the conference on child labor set forth that the low wages of men and women is the real cause for a greater portion of the crime and degradation now prevalent.

Dragged to Death by Horse.

Oakley, Kan., Sept. 19.—Ella Mansfield, 10 years old, was killed here by being thrown from a horse. She was out in the pasture after cows when the horse became frightened and dragged the child to death. She was the daughter of Mr. and Mrs. James Mansfield.
